FOR IMMEDIATE RELEASE

Chinook Medical Gear is Giving 20 Medical Kits to Law Enforcement Officers

Submit your nomination by May 16.

DURANGO, CO, April 28, 2021—In honor of National Police Week (May 9-15), [Chinook Medical Gear](#) is giving away 20 free Officer Medical Kits to law enforcement officers.

If you know someone who has gone above and beyond in their line of duty, please nominate them at <https://www.chinookmed.com/npw>. Be sure to include their contact information along with a brief paragraph explaining why they should be selected. Nominations are due by May 16. The winners will be announced on May 17.

The 10 selected officers will receive two Officer Response Kits (one for themselves and one for a partner). The kits are specifically designed to provide rapid one-handed access to critical hemorrhage control supplies, and they are small enough to be worn at all times.

Since 1990, Chinook Medical Gear has created custom medical solutions with the latest gear for government agencies, military units, contractors, corporations, adventure companies, and individuals. Their diverse product lines are built to outlast the harshest elements. The company builds medical kits for home, travel, military, and public access, in addition to procedure specific medical modules. Chinook's staff of industry experts design emergency medical solutions for any situation.

In 2015, Chinook was proud to be chosen by The White House to promote the new nationwide initiative, Stop the Bleed, which encourages bystanders in emergency situations to act as immediate responders and stop life-threatening bleeding. Chinook has tirelessly continued to

promote the initiative at a local and national level. At Chinook's encouragement, the City of Durango proclaimed May as Stop the Bleed Month in 2020.
