Hospitals/Nursing Homes/Health Care

BE DISASTER PREPARED. When timing is critical, the Med Sled® Evacuation Sled enables employees to transport a patient out of a single-story building or down a stairwell of a multi-floor building. **Evacuations** are made easier in **three simple steps**.

#MS28 Youth Med Sled®
28" x 65"

#MS36 Standard Med Sled®
36" x 87"

#MS48 Bariatric Med Sled®
48" x 87"

Over 60,000 sleds are deployed nationwide.
Over 4,000 Facilities have currently partnered with Med Sled®.
Highest Quality...Disaster Proven
(EF5 Tornado in Joplin, MO May 2011, Superstorm Sandy 2012)
